«St. Galler Bratwurst»

There it is... the popular «St. Galler Bratwurst». This famous veal sausage is a favourite at barbecues and festivals. Only the most excellent veal, a little bacon and fresh milk may be used as ingredients. The Swiss prefer their favourite sausage served crisp and brown from the grill, accompanied by a crunchy «Bürli» roll. A lot of butchers throughout the city sell their «St. Galler Bratwurst» either freshly vacuum packed or grilled to eat on the spot. Every one of them is registered on the website: sg-bratwurst.ch

St. Gallers love to debate with each other about which butcher makes the best «St. Galler Bratwurst» in town. If you order mustard don't be shocked if you're laughed at – St. Gallers frown upon anyone who doesn't eat their bratwurst in its natural form.
